

Alone With You

The Superjesus

We can lock away the bad memories together
Close the doors to the past forever
Watching you touch
We're past this much

I'm alone with you tonight
I'm alone with you tonight
I'm alone with you tonight

I can't always remember what I say
I can't always take it having to pay
Watching you walk
You know you're really attractive

I'm alone with you tonight
I'm alone with you tonight
I'm alone with you tonight

I know it's hard when you had tried
When the conversations terror, you had tied
Making out you still don't know
All I got is alcohol so let me go

I'm alone with you tonight
I'm alone with you tonight
I'm alone with you tonight
I'm alone with you
I'm alone with you
I'm alone with you
I'm alone with you
I'm alone with you tonight...
