

## Alone With You

The Superjesus

We can lock away the bad memories together  
Close the doors to the past forever  
Watching you touch  
We're past this much

I'm alone with you tonight  
I'm alone with you tonight  
I'm alone with you tonight

I can't always remember what I say  
I can't always take it having to pay  
Watching you walk  
You know you're really attractive

I'm alone with you tonight  
I'm alone with you tonight  
I'm alone with you tonight

I know it's hard when you had tried  
When the conversations terror, you had tied  
Making out you still don't know  
All I got is alcohol so let me go

I'm alone with you tonight  
I'm alone with you tonight  
I'm alone with you tonight  
I'm alone with you  
I'm alone with you  
I'm alone with you  
I'm alone with you  
I'm alone with you tonight...
