Alone With You

The Superjesus

We can lock away the bad memories together Close the doors to the past forever Watching you touch We're past this much

I'm alone with you tonight
I'm alone with you tonight
I'm alone with you tonight

I can't always remember what I say I can't always take it having to pay Watching you walk You know you're really attractive

I'm alone with you tonight I'm alone with you tonight I'm alone with you tonight

I know it's hard when you had tried When the conversations terror, you had tied Making out you still don't know All I got is alcohol so let me go

I'm alone with you tonight
I'm alone with you tonight
I'm alone with you tonight
I'm alone with you
I'm alone with you
I'm alone with you
I'm alone with you
I'm alone with you
