Enough To Know

The Superjesus

Something else is keeping you, keeping you from knowing me And something else will keep you locked away Against the grain your star to fade Sunken eyes have more to say And something else will keep you locked away

And I'll say I feel enough to know Always waiting for more I feel enough to know

Janitors who read the lines can tell you where the sun will ris

Invitation of another day Paint it black, this sugar shack So everyone's inclined to stay

I feel enough to know
Always waiting for more
I feel enough to know
And now I, I feel enough to know
Always waiting for more
I feel enough to know

Something's keeping me from knowing you and Something's keeping me from knowing you and Something's keeping me from always waiting for

And now I, I feel enough to know Always waiting for more I feel enough to know...
