

# Everybody Calls Me Lonely

The Superjesus

I know that it's more  
Than you'd care for me to ever tell you  
But I left what I thought  
Was all that I could ever sell  
To anyone who gave anything to keep it all alive  
And if I say to you that I wanted to  
You'd know that I lied cause  
Everybody calls me lonely  
I was trying to say I'm only  
Close enough to walk away  
It kills me everyday  
And I could take to living  
All the days that I've been given  
I could almost walk away  
It kills me everyday  
You'd try to be sure  
But there's no safety in the meaning  
If I'm right then it's more  
Than just a temporary feeling  
I don't know and now I don't care to keep it all alive  
And if I say to you that I wanted to  
You'd know that I lied  
You could be right  
Everybody calls me lonely  
I was trying to say I'm only  
Close enough to walk away  
It kills me everyday  
And I could take to living  
All the days that I've been given

I could almost walk away  
It kills me everyday  
You could be right  
Everybody calls me lonely  
I was trying to say I'm only  
Close enough to walk away  
It kills me everyday  
Don't try and say you need it  
Never taking the time to see it  
I could almost walk away  
It kills me everyday  
Now I could stay forever  
And I know that I would never  
Never try to walk away  
It kills me everyday  
Everybody calls me lonely  
I was trying to say I'm only  
Close enough to walk away  
It kills me everyday
