

Little Girl

The Supervillains

Little girl little girl are you out of your mind?
You can't turn all your corners in life blind
I've seen that girl at the show who's bobbing her head
You're in the crowd spilling your drink instead.
I'm tired of being alone, I know it's all my fault
Why couldn't you figure it out?
You've got a nice body, but it's how you act that's ugly
Why couldn't you figure it out?

So don't call me today
I've got nothing to say
I'm gonna screen my calls anyway
So don't leave a message, I promise I'm not gonna call back

Little girl, little girl are you out of your mind?
You can't take all your corners in life blind
I seen that girl at the show with the streaks in her hair
You're in the crowd nipple-tape everywhere
I'm fine with being alone, I know it's all your fault
Why couldn't you figure it out?
Now you will never compare to the girl who was never there
Why couldn't you figure it out?

You used to be like me, I had your guarantee
Now I want my money back
I want my fucking money back
I had to pay full price for admission
Now I want my money back
Little dub little dub
