

# Buttered Popcorn

The Supremes

My baby likes buttered popcorn  
He likes it greasy  
And sticky  
And gooey  
And salty  
I said what do you like  
He says you know what I like  
I like buttered popcorn

He took me to a show  
He said he wanted some more  
I said kiss me please  
He said after I eat

I said what do you like  
He says you know what I like  
I like buttered popcorn

For breakfast, lunch and a dinner too  
He eats buttered popcorn  
Well it worries me so  
I don't know what to do  
When I asked him what was happenin' in the world today  
He said more butter, more butter, more butter, more

My baby likes buttered popcorn  
He likes it greasy  
And sticky  
And gooey  
And salty  
I said what do you like  
He says you know what I like  
I like buttered popcorn

For breakfast, lunch and a dinner too  
He eats buttered popcorn  
Well it worries me so  
I don't know what to do  
When I asked him  
What was happenin' in the world today  
He said more butter, more butter, more butter, more

My baby likes buttered popcorn  
He likes it greasy  
And sticky  
And gooey  
And salty  
I said what do you like  
He says you know what I like  
I like buttered popcorn
