

# Chained to Yesterday

The Supremes

Lonely nights  
Long and lonely nights  
Emptiness without your sweet caress  
I missed you so (I missed you so)  
More thn you ever know  
And after all this time, more than a year  
Without a single word, you just disappear

And I'm chained, chained, chained  
I'm chained to yesterday  
I'm chained, chained, chained  
I'm chained to yesterday  
(You know I'm guilty, baby)

I tried to call  
But darling, your number's been changed  
The operator said, "I'm sorry, but that's an unlisted name"  
I powdered each teardrop dry  
Before I rushed out the door  
I saw your best friend and asked where you've gone  
I said, "Tell me as a friend, did I do that man wrong?"

I'm chained, chained, chained  
I'm chained to yestaerday  
I'm chained, chained, chained  
I'm chained to yesterday

Ooh, ooh, ooh  
Ooh, ooh, ooh, ooh, ooh  
Ooh, ooh, ooh  
Ooh, ooh, ooh, ooh, ooh

I felt so bad  
I even thought of suicide  
To erase the pain  
But I don't have the nerve to try  
But pity to your friends I showed  
That I was the last one to know  
Of how cold that you be, just leaving me  
With a heart full of love and you're holding the key

I'm chained, chained, chained  
I'm chained to yestaerday  
I'm chained, chained, chained  
I'm chained to yesterday  
I'm chained, chained, chained  
I'm chained to yestaerday
