

## For Better Or Worse

The Supremes

For better or worse  
I'll say yes in that little church  
Will you marry me boy?  
For better or worse.

We can't find a home  
Just a room without any view  
We'll walk our favorite march  
But least I'll have you.

I see the priest standing before you and me  
In my mind's eye I can see how it will be.

When he says to you:  
For better or worse  
Do you take this girl for your wife?  
I'll say yes, yes I do for all of my life.

For better or worse  
I'll make you love every new day  
Bringing breakfast to your bed  
I'll spoil you that way.

I can't hardly wait for a boy  
Baby, can you?  
I know he'll be cute  
Cause he'll be like you.

I see the priest standing before you and me  
In my mind's eye I can see how happy we'll be.

I see the priest standing before you and me  
In my mind's eye I can see how happy we'll be.
