

# Have I Lost You

The Supremes

I've been without you too long  
You're here in body, but your heart is gone  
I wanna keep the love I put above  
Everything else keep on my shelf  
(Have I lost you?)

Have I lost you?  
Have I lost you?  
Really lost you?  
Have I lost your love?

Even though I see your smile (Have I lost you)  
I don't feel right and I don't know how  
(Have I lost you)  
Baby, it's me and I'm hoping it is (Have I lost you)  
'Cause my whole life is depended on this

Have I lost you?  
Have I lost you?  
Really Lost you?  
Have I lost your love?

Have I lost your love?

All the time we were separated  
In my mind I recreated  
How good your life would be  
Now your eyes look cold to me

Have I lost you?  
Have I lost you?  
Really lost you?  
Have I lost your love?  
[Repeat til fade]
