

# I Can Never Recover

The Supremes

Ohhh, oh, oh, I can never recover  
From your love, baby  
No matter, no matter how I try  
(I can) can never recover  
From your love, baby (ooh)

Tell all my friends I may seemed strong  
(may seem strong)  
To let you go, how you did me wrong  
(you did me wrong)  
But all the changes you put me through  
(throu-ough)  
Your hurt is bad than being without you  
My mind told me to let you go  
But my body cries gimme more, gimme more

Oh, I can never recover  
From your love, baby  
No matter, no matter how I try  
(I can) can never recover  
From your love, baby (ooh)

Ooh (sometimes)  
Sometimes my body starts to aching  
(aching)  
Only your love can stop me from shaking  
(shaking)  
My time ain't healed the way I feel  
(way I feel)  
But by now time is standing still  
All the chnages you put me through  
Your hurt is bad than being without you

Oh, I can never recover  
From your love, baby  
No matter, no matter how I try  
(I can) can never recover  
From your love, baby (ooh, from your love)

Just can't take it (from your love)  
I can't fake it (from your love)  
I do my best, but I just can't make it  
I wanna love you (your love)  
The way it was new (from your love)  
Good and sweet, yeah (I can't recover)  
Sweet and deep (from your love, ah ah ahhhhh)

Ooh, was it sweet  
Was it really sweet?  
Never, never  
No, no, never

Ohhhhh, oh, I can never recover  
From your love, baby  
No matter how I try, no, no, no, no  
I can never recover  
From your love, baby

No, no, no, no I can never recover  
Can never, can never, can never, can never recover  
I can never recover  
From your loving now, baby  
No matter how I try  
(I can never recover from your love)  
(no, no, baby)
