

## If You Could See Me Now

The Supremes

If you could see me now,  
Would my trail of tears give you a clue?  
If you could see me now,  
Would you remove this cup of bitter blue?

Right in the whisper's wind  
I left you crying, begging please  
If you could see me now,  
Would you recognize me on bended knees?

Girl...  
Boy, don't you know you're my everything  
Without you, I'm a stranger to me

Just like a rope of sand  
Our strength washed away along with love's tide  
If you could see me now,  
Would you see my pain exceeds my pride?

If you could see me now

Boy...  
Girl, don't you know you're my everything  
Without you, I'm a stranger to me

Time has balanced the books  
Lines of regret embraced my days  
If you could see me now,  
Would you read with sorrow left its trace?

Would you forgive me  
If only you could see me now  
Would you return to me  
If only you could see me now  
Would you still love me  
If only you could see me now  
Would you still love me  
If only you could see me now
