

Only You (Can Love Me Like You Love Me)

The Supremes

Only you can love me
Like you love me when you love me
Only you (only you)
Can touch me (you can touch me)
Like you touch me, ooh, when you touch me
(when you touch me)

Oh, come on, love me now (love me right now)
Come on, love me now (love me right now)
Come on, love me now (love me right now)
Come on, love me now (love me right now)

Spread your blanket here beside me
Lay your sweet love close by me
Take me places only love can send me
Fill the need I have within me

Talk to me (talk to me)
Of happy times (of happy times)
Soothe my body (soothe my body)
With peace of mind

Only you can love me
Like you love me, ooh, when you love me
(when you love me)
Only you (only you)
Can thrill me (you can thrill me)
Like you thrill me everytime you thrill me
(when you thrill me)

Ooh, come on, love me now (love me right now)
Come on, love me now (love me right now)
Come on, love me now (love me right now)
Ooh, come on, love me now (love me right now)

Take me on in this journey
Explore me through time where all is still
Leave me suspended wherever
Till all of me half side is filled

Explode your sweetness (explode your sweetness)
Into my mind (into my mind)
Give me the love, all the love you can find
(give me the love)

Ahh...
Sweet love, sweet love
Sweet love, sweet love

Come on, love me now (love me right now)
Ooh, come on, love me now (love me right now)
Come on, love me now (love me right now)
Hey, come on, love me now (love me right now)

Only you can love me
Only you can love me (when you love me)
Only (only) you can touch me, ow!

Only (like you touch me when you touch me)
Only (only) you can thrill me
Only you can thrill me (when you thrill me)
Only (only) you can touch me, ow!
Only you can touch me (when you touch me)
Only you, oo-oooh, can love me (only you)
Oww! (only you, only you)
Only (only) you can love me
