

Twinkle Twinkle Little Me

The Supremes

Twinkle Twinkle
Little me
I have a lonely light
I'm the Star
Upon your tree
That makes your Christmas bright

Twinkle twinkle little me
I left the milky way
Just so I could come and be
With you on Christmas day

Christmas brought me where you are
And heaven gave me light
I'm that friendly little star
You wish upon each night
(Twinkle twinkle)

Ooh, twinkle twinkle little me
I have a present too
If you gave unselfishly
And make a wish come true
I'll always shine for you

(Twinkle twinkle little me)
(I left the Milky Way)

Twinkle twinkle little me

(Just so I could come and be)
(With you on Christmas day)

Ooh, Christmas brought me where you are
And heaven gave me light
(Twinkle twinkle)
I'm that friendly little star
You wish upon each night
(Twinkle twinkle)

Twinkle twinkle little me
I have a present too
If you gave unselfishly
And make a wish come true
I'll always shine for you

(Twinkle twinkle little me)
Twinkle little me
(Twinkle twinkle little me)
I'll always shine for you
(Twinkle twinkle little me)
Twinkle little me

(Twinkle twinkle little me)
I'll always shine for you
