When The Lovelight Starts Shining Through His Eyes

The Supremes

He gave me the eye But I just passed him by I treated him unkind But he didn't seem to mind

I told him be on his way But not a word did he say He just stood there kind of bold While I acted cold

But when the lovelight starts shining through his eyes Made me realize I should apologize And when he placed a kiss upon my face Then I knew, Oh then I knew That he won my heart

So I quickly apologized Hoping he hadn't changed his mind But not a word did he say So I turned to walk away

But when the lovelight starts shining through his eyes Made me realize how he felt inside And when he placed a kiss upon my face Then I knew, Oh then I knew That he won my heart

When he asked could he walk my way I hoped sweet things he'd say Instead he smiled kind of nice As he held my hand kind of tight

But when the lovelight starts shining through his eyes Made me realize how he felt inside And when he placed a kiss upon my face Then I knew, Oh then I knew That he won my heart

But when the lovelight starts shining through his eyes Made me realize how he felt inside And when he placed a kiss upon my face
