## With A Child's Heart

## **The Supremes**

With a child's heart Go face the worries of the day With a child's heart Turn each problem into play

No need to worry No need to fear Just being alive Makes it all so very clear

That's with a child's heart Nothing can ever get you down With a child's heart You've got no reason to frown

Love, love is welcome As a sunny, sunny day No grownup thoughts To lead our hearts astray

Take life easy Easy like a child So gay and care free Yeah

Love, love is welcome As a sunny, sunny day The whole world smiles with you As you go your own merry way

'Cause with a child's heart Nothing can ever get you down With a child's heart We've got no reason to frown
