

## Your Kiss Of Fire

The Supremes

When you first gave it to me  
Your sweet kiss of fire  
The burning flame of love  
Started mounting higher  
Till it consumed my heart and soul  
And like King Midas loved his gold  
I wanted you alone to hold  
And your kiss of fire  
Your sweet kiss of fire  
Your sweet kiss of fire

And then you took it away  
Your sweet kiss of fire  
Taking the thrill out of love  
Killing my desire  
I'm like a leaf without a tree  
Like a fish without the sea  
I'm as cold as cold can be  
Without your kiss of fire  
Your sweet kiss of fire  
Your sweet kiss of fire

Please don't forsake me  
After showing me the way to love  
Just come on and make me  
Warm as the sun that shines above

Bring it, bring it to me  
Your sweet kiss of fire  
Stop this hurt within me  
Bring back my desire  
It's you that I adore  
I'll do anything you implore  
If you'll just give to me once more  
Your sweet kiss of fire  
Your sweet kiss of fire  
Fire, fire
