

9 lives of frankie the cat

The Swan Bride

out of seven orphaned cats only one was black
that's why the man tried to drown him, tied in a sack
that rainy night he survived, scared, but alive
in the streets of a dirty town a new life was found
frankie the cat

yeah, you bet it was hard, body full of scars
he lost an eye in a fight & got hit by a car
once a leader of a gang till betrayed & stabbed
left bleeding in the street, but still he wasn't dead
9 lives of frankie the cat

frankie was accused of carrying bad luck
kids set his tail on fire or tied him to a truck
thrown out of a window,
rescued by a witch who was cooking a cat soup
he escaped that ugly bitch
9 lives of frankie the cat

one night he saw her out on the street
walking like goddess in a mute symphony
eight times to die for one day to live
finally it was for real
he fell in love with a beautiful cat
she made him think his life's not that bad
he fell in love with a beautiful cat
she broke his heart & for frankie that was that
