madhouse. only one way to escape  
countless rounds of the same reprise  
i'm taking part in the march of freaks

freakshow in traffic jams & shopping malls  
freakshow. museums are all about freakshow  
once you're in there's no way out  
it won't let me speak, it won't let me breathe

six feet under or the trial on your mind  
what's the difference mr k.?  
she's always walking by your side  
lady shady, her eternal smile  
freakshow, once you're in there's no way out

freakshow in rock'n'roll & mirror balls  
freakshow on the eastern side of the berlin wall  
freakshow. it's turning people inside out  
freakshow. once you're in there's no way out  
they won't let me speak, they won't let me breathe
