

Paper Cup

The Swell Season

Paper cup
You've got no worries, got no
Got no dog in this fight
Paper plane
Take this note straight to her
If her heart's still in the fight

Maybe time will decide
The restless spirit can't survive
On breadcrumb trails no more

Paper saint
Would you hear her when she calls
You got no dog in this fight

Paper bird
Take this offering from her hands
A simple trail back to the light

Maybe time will provide
Give you the strength to decide
I hope it's not too late

Maybe time will decide
The restless spirit can't survive
On breadcrumb trails no more

Maybe time will provide
Give you the strength to decide
You know it's not too late

Paper cup
Ain't got no worries, got no
Got no dog in this fight

Ain't got no worries, got no
Got no dog in this fight
