

Do You Feel Better Yet

The Swellers

It's been a long couple years,
But I need this, too.
I miss the ringing in my ears
When it didn't come from you.
No more heartstrings left to drag me down.
Do you feel better yet?

There's nothing I'd rather do
Than be happy
And write a love song or two,
But they'll turn their backs on me.
Should I lie and say I'm sorry now?
Do you feel better yet?

Do you feel better yet? (3x)

Yeah!

Do you feel better yet? (5x)
