

## French Kiss

The Teenagers

We're in my room  
Watching dirty dancing  
I didn't get anything with Orlando Bloom  
'Cause I know you fancy him

If she was there  
Your mum would say that everything is perfect  
But she's not  
Let's forget about her

God, it's already the 'nobody puts baby in the corner' moment  
And you're getting emotional  
Perfect timing for a

French kiss  
On your soft lips  
French kiss  
You will love this

We're at your best friends party  
Dancing to Bro zone  
In the living room  
I get you a vodka red bull  
And lure you in the kitchen

It's quite smoky in there  
Have a seat  
We'll have another drink  
Have some crisps  
We'll have another drink  
Have that cigarette  
We'll have another drink

God, it's already 4 am  
And you're getting tired  
Your eyes don't lie  
Perfect timing for a

French Kiss  
On your soft lips  
French Kiss  
You will love this
