

Streets of Paris

The Teenagers

It's like you and him on tuesday
Taking pictures in the streets
We were wearing kitten masks
"We were wearing kitten masks"

We have no shame 'cause we're alone
We're teenagers, we don't care
No one's around, so it seems
No one's around no so it seems

The streets of Paris
Man it's crazy
The streets of Paris
C'est la folie

The streets of Paris
Man it's crazy
The streets of Paris
C'est la folie

Then we noticed these four guys down
Riding bikes and talking loud
They were wearing Nike caps
"They were wearing Nike caps"

When they saw us that was it
We're teenagers, we have fun
No one's around, so it seems
No one's around no so it seems

The streets of Paris
Man it's crazy
The streets of Paris
C'est la folie

The streets of Paris
Man it's crazy
The streets of Paris
C'est la folie

What we're gonna do now
We don't have a lot of options
"I think we should grow"
Faster
Don't look back
Faster
Don't look back
Turn right
Then straight on
Press the digit tap the door
Jump in, and close the doors
Looks like we're safe now
But we are sweaty
Looks like we're safe now
But we're shaking

The streets of Paris

Man it's crazy
The streets of Paris
C'est la folie

The streets of Paris
Man it's crazy
The streets of Paris
C'est la folie

The streets of Paris
Man it's crazy
The streets of Paris
C'est la folie

The streets of Paris
Man it's crazy
The streets of Paris
C'est la folie
