

# Leaving Heartbreak Hotel

The Temper Trap

Oh my, oh my friends  
When can I see you all again?  
Built up castles made of sand  
They may fall, but memories remain

Don't let this end  
Dreamin' of way back when

In and out your door  
We were all someone else before  
Leavin' shadows on each other's walls  
Laughed and cried, and laughed and cried some more

So don't let this end  
Dreamin' of way back when

Don't break the spell  
I'm leavin' the heartbreak hotel

Catch you in my sleep  
Catch you in my sleep  
Catch you in my sleep  
Catch you in my sleep  
Catch you in my sleep

Catch you in my sleep (I'm leavin' the heartbreak hotel)  
Catch you in my sleep (I'm leavin' the heartbreak hotel)  
Catch you in my sleep (I'm leavin' the heartbreak hotel)  
Catch you in my sleep (I'm leavin' the heartbreak hotel)  
Catch you in my sleep (I'm leavin' the heartbreak hotel)  
Catch you in my sleep (I'm leavin' the heartbreak hotel)
