

## Need Your Love

### The Temper Trap

The road is pulling me into her open where  
And for a moment I escape and I forget  
The silhouettes behind the dust clouds call me friend  
But even fools know here they're far and few between  
She has abandoned me on highways and desert plates  
Of lonely creatures singing for the summer rain  
And at the end of all your knees fall down and kneel  
Yeah it's something in you always ask for someone real

Oh I need your love, I need your love,  
I need you now, I need you  
Oh I need your love, I need your love,  
I need you now, I need you

She is my salvation in the dark  
But at night with lips of honey calls the devil's heart  
And I am a war of flesh and heart that's left undone  
Between the person that I was and have become

Oh I need your love, I need your love,  
I need you now, I need you  
Oh I need your love, I need your love,  
I need you now, I need your love

Oh I need your love, I need your love,  
I need you now, I need you  
Oh I need your love, I need your love,  
I need you now

There's no resting in my heart  
There's no resting in my heart  
There's no resting now

There's no resting in my heart  
There's no resting in my heart  
There's no resting for the one you love
