

Power

The Temptations

Power, boom boom
Power, boom boom boom
Power, boom boom
Power, boom boom boom
Power, boom boom boom
Power boom boom
Power boom boom boom
Power boom boom
Power boom boom boom
Power

My hands are clean
My heart is so pure
The world is sick
I am the cure
I don't want no money, gold or gifts
Give me your minds and souls to lift
Put you faith and trust in me
I'll move your mountains
Part your sea
All you poor all you needy
All you're doin' is givin' to the greedy
All you poor all you needy
All you're doin' is givin' to the greedy
Get off your knees, believe in me
I'll set you free

All I need's a little more power
Power, power, power, power, power,
Power, power, power, power.

I have for you a master plan
To lead you to the Promised Land
I give you peace, I give you pride
I save you from mass suicide
I'm your hope, your one salvation
I'm your one man United Nation
All you poor all you needy
All you're doin' is givin' to the greedy
All you poor all you needy
All you're doin' is givin' to the greedy
Tell me your sins, I'll be your friend
I won't do you in.

All I need's a little more power
Power, power, power, power, power,
Power, power, power, power.

I'll make you all the master race
Just put me in my godly place
We'll march the world down in defeat
Take the fields of oil and the lands of wheat
Power, I need it, more, I got to have it
One thing I must make perfectly clear
Nuclear weapons, all men fear
Their hands sweat, their fingers itch
I'm the only one you can trust with the switch

Give it to me, more power

More, give it to me

More, give it to me
