

When You're Thrown

The Thermals

Hold your air
Hold your head carefully
We're going through now
We're going through now

Feel your itch now
Don't stop to listen
We're going through now
We're going through now

When you're thrown
You never tell
You curl
With the scary shit
You keep to yourself

It's so like you
It's so like you

Hold your air
Hold your head carefully
We're going through now
We're going through now

Feel your itch now
Don't stop to listen
We're going through now
We're going through now

When you're thrown
You never tell
You curl
With the scary shit
You keep to yourself
When you're thrown
You're getting through
You know it fits
It's a slap back
Right back at you

It's so like you
It's so like you
It's so like you

But who's to blame you
For hiding it all inside
Who's to blame you
It's your choice
It's your mind
Hold tight through
So like you
Hold tight
I think we're going through now
