## The Three Degrees

Oo-oo-oohhh [oohhh-oo-oohhh] oo-oo-oohhhhhhhh  
Oo-oo-oohhhhhhhh oo-oo-oo-oo-oo-oo-oo  
(X2)

A woman needs a good man  
To be a good woman  
A woman needs a good man  
To be the kind of woman a man wants her to be  
Whoa, whoa, whoa

Any time of need, just be there  
To ease away the pain and dispair  
Then you'll really live in peace  
Becuse you'll know for sure  
Your little lady's gonna stand by you  
When all that's been distroyed

A woman needs a good man  
To be a good woman  
A woman needs a good man  
To be the kind of woman a man wants her to be  
Whoa, whoa, whoa

Take a little time to understand  
Look within her heart and you will find  
Her strength some are old and bad  
Force her smile through her bitter tears  
Stick her as her man  
As tight as you can

A woman needs a strong man  
To be a strong woman  
A woman needs a good man  
To be the kind of woman a man wants her to be  
Whoa, whoa, whoa

Ooh, yeah  
Hey, hey

She needs a good man, she needs a strong man  
She needs (Somebody to keep me warm)  
She needs a good man, she needs a strong man  
She needs (I need somebody, come on, come on)  
She needs a good man, she needs a strong man  
She needs (I got to have me somebody to love)  
She needs a good man, she needs a strong man  
She needs (I need somebody, come on)
