

Drivin' Me Mad

The Three Degrees

Darling, don't you know that I love you
Darling, don't you know that I care so much
That it's drivin' me mad
I'm going out of my head
Over you (over you)
Over you (over you)

Darling, don't you know that I need you
Darling, don't you know that I want you so much
That it's drivin' me mad
I'm going out of my head
Over you (over you)
Over you (over you)

I like the way you whisper
Those sweet words in my ear (talk to me, baby)
Don't you know I feel so good
Everytime you're holding me near
(So good, so good, so good, so good)

Darling, don't you know that you groove me
Darling, don't you know that you move me so much
That it's drivin' me mad
I'm going out of my head
Over you (over you)
Oh-ohh yeah (over you)
Oh-ohh yeah (over you)
Because it's drivin' me mad

You know you make me feel crazy, baby (crazy, baby)
You thrill me, baby (thrill me, baby)
You move me, baby (move me, baby)
Move me so much that it's drivin' me mad
I'm going out of my head
Over you (over you)
Over you (over you)
Over you (over you)
Because it's drivin' me mad
