

Grass

The Three Degrees

Every time you kiss my lips,
I feel them quiver (quiver)
Ooh, and every time you hold me in your arms,
I seem to shiver (shiver)

There's nothing to be afraid of
It's flesh and blood that we're made of
Trust in me, baby
Baby, won't you trust in me?

And the grass will sing for you
The sky will turn a brand new shade of blue for you
And in your heart, you feel a glow
That's when you'll know
My love for you
(The grass will sing for you, my love)

Every time you whisper words of love,
I start crying
Well, are those tears of joy?
Should I really think that you're lying?

I'll give you love without sorrow
Together, together we'll find tomorrow
Trust in me, oh baby
Baby, won't you trust in me?

And the grass will sing for you
The sky will turn a brand new shade of blue just for you
And in your heart, you feel a glow
That's when you'll know
My love for you
(The grass will sing for you, my love)
