

Holding Back

The Three Degrees

Ive been holding back from you

I've been holding back from you
Something that you never knew
Ive wanted to say so many times, that I love you ho ho hooo.
Havent you noticed my smile
And when I look into your eyes
Didn't you feel, that something was happening between us
You excite me by all that you are
You entice me with things that you say
Id is a fool to let it slip way

Chorus

I've been holding back from you
Ive been hlding back its true-hoo hoo hoo
Ive been holding back from you hoo hoo hhoo
Far too long

You are there in every dream
Youre a guiding star to me
But I need to know, that you feel the same way I doooo
So tell me what is going on
Are your feelings just as strong?
I want to be yours, but don't have the key to your heart.
I can feel there is warmth when we touch
And I love being with you so much
But we need to be reading the same lines

Middle

Now ive told it all to you
Tell me what you gonna do
Tell me those three word words
That lovers need to hear

Chorus

I've been holding back from you
I've been holding back its true-hoo hoo hoo
I've been holding back from you hoo hoo hhoo
For so long
