

# I Like Being A Woman

The Three Degrees

Say goodbye, that will never do  
Though sometimes I have wanted to  
Man, I'm crazy about you  
Though sometimes I wanted to leave you  
But that just won't do

Say hello to a brand new me  
Somewhere I read: "Woman must be free"  
I can't go that way  
I need my man more and more each day  
And I wanna say

I like being a woman  
I like being a girl  
I like being a woman  
Putting on head of big curls  
Just a girl...

Man, I'm yours, I am but a slave  
When it comes to love like a big strong tape  
Man, I'm crazy about you  
Though sometimes I wanted to leave you  
But that just won't do

Take my love, see how much I care  
I'll take my life like a bird in air  
But don't do that to me  
I'll probably fly right into a tree  
Can't you see?

I like being a woman  
I like being a girl  
I like being a woman  
Wearing diamonds and pearls  
Just a girl...  
Just a girl...  
Just a girl...  
Just a girl...  
Just a girl...  
Just a girl...

[Spoken monologue]  
You know, women's liberation is cool.  
I mean, it had it's good points and it's bad points.  
But you know sometimes... I just want to be loved,  
And that's why I become your slave.  
I don't want to be your equal, I just want to be a part  
of you.  
All you gotta do is treat me like you treat yourself.  
When I'm weak, I need you to be strong.  
I want you to take care of me.  
I want you to love me like I'm gonna love you.  
I want you to need me like I need you.  
'Cause baby, I want to respect you and everything about  
you  
'Cause I want you.

Just a girl, just a girl  
Just a girl  
Just a girl, just a girl (I like being a woman)  
Just a girl  
Just a girl, just a girl (I like being a woman)  
Just a girl  
Just a girl, just a girl ( I like being a woman)  
Just a girl
