

# I'm Gonna Need You

The Three Degrees

I'm gonna need you when the sun goes down  
Gonna need you, baby, close around  
'Cause my love grows for you  
Like a rose in the morn  
When it's kissed by the dawn  
If nothing else comes through

Oh, I'm gonna need you when the stars come out  
You're gonna show me what it's all about  
And you'll take me in your arms  
Hold me, dear  
Kiss me, dear  
Make me say that I'm yours

Yours to have  
Yours to hold  
I'm yours forevermore

[Interlude]

Ah-ahhhhhhhhhhh, ah-ah-ahhhhhhhh  
Ahhhhhhh-ah, ah, ahhhhhhhhhh

Yours to have  
Yours to hold  
I'm yours forevermore

And I'm gonna need you  
When the sun goes down, yeah  
And I'm gonna need you  
When the stars come out, yeah  
(Fades)
