

# Just Leave Me Alone

## The Three Degrees

Why don't you leave me alone and go on home?  
I'm confused and I'm weak  
I don't want your alibi  
You've already made me cry  
So please, just let me be

I don't care who she was and whatever you did  
That's between you and her  
Just, just leave me alone  
And let me sink or let me swim

Let me quietly decide if I'm gonna live or die  
'Cause that's the least you can do  
In a world that seems  
To just crush every dream  
Every time I believe in you

So please turn around and just walk out that door  
And go somewhere else  
To home, or to her, or to hell  
Suit yourself  
But leave me alone

Leave me alone  
Leave me alone (Leave me alone)  
Leave me alone (Oo-oooh yeah)  
Leave me alone  
Ahh ahh ahh

Now that I lied, now let me try  
Let me try to tell you straight  
I just don't have the heart  
To play the part  
I just can't find the hate

So baby, forget what I've done, what I've said  
There ain't no need to fight  
'Cause you know how I am  
You know I'll be damned to live without you tonight  
Baby, leave me alone

Leave me alone  
Leave me alone  
(If you, if you leave me alone)  
Leave me alone (Oo-oooh yeah)  
Ahh  
Ahh

(Why don't you leave me alone)  
You confuse me (and go on home)  
And you abuse me every time  
You walk through the door  
I can't stand no more  
Ooooo-ooo-oooh (Leave me, leave me)  
Why don't you leave me? (Why don't you leave me alone)  
I don't want your alibi  
You've made me cry

But don't you, don't you, don't you, don't you leave me

Nooooooooo, I can't stand it

Don't know what to do with myself without you, baby

Gotta have you by my side

Whatever you do, it's alright

'Cause I love you, I love you, I love you

Ooooooooooooooh

Don't you leave me, don't you, don't you leave me

I love you, no matter what I do
