

The Heaven I Need

The Three Degrees

And I can't control this feeling
Gonna put my arms around you
'Cause you are the heaven I need

Just what you're doing to me
Gonna put my arms around you
And surround you
'Cause you are the heaven I need

And I can't control this feeling
I gotta tell you
Just what you're doing to me

And I can't control this feeling
I gotta tell you
Just what you're doing to me
Gonna put my arms around you
And surround you
'Cause you are the heaven I need

'Cause you are the heaven I need
'Cause you are the heaven I need
'Cause you are the heaven I need

Come on, open up and let me in
Life is short and I wanna be lost in your love
'Cause I know tonight is the night
Ohhh, ahhh

Oh boy, will you show me love with an open heart?
Can't you see I wanna be alone with you?
'Cause I know our love is alive
Ohhh, ahhh

And I can't control this feeling
I gotta tell you
Just what you're doing to me
Gonna put my arms around you
And surround you
'Cause you are the heaven I need

Somewhere there's a rendezvous for me and you
Love is free and I wanna be next to you
That's where our love begins
Ohhh, ahhh

Reasons we don't need, can't you see?
I need this feel and I need to have all of you
Can't you feel my love is alive?
Ohhh, ahhh

And I can't control this feeling
I gotta tell you
Just what you're doing to me
Gonna put my arms around you
And surround you
'Cause you are the heaven I need

'Cause you are the heaven I need
'Cause you are the Heaven I need
'Cause you are the heaven I need
'Cause you are the heaven I need

Ohhh, ahhh
Ohhh, ahhh

And I can't control this feeling
I gotta tell you
Just what you're doing to me
Gonna put my arms around you
And surround you
'Cause you are the heaven I need

And I can't control this feeling
I gotta tell you
Just what you're doing to me
Gonna put my arms around you
And surround you
'Cause you are the heaven I need

And I can't control this feeling
I gotta tell you
Just what you're doing to me
Gonna put my arms around you
And surround you
'Cause you are the heaven I need

And I can't control this feeling
I gotta tell you
Just what you're doing to me
Gonna put my arms around you
And surround you
'Cause you are the heaven I need

And I can't control this feeling
I gotta tell you
Just what you're doing to me
