

Deckchairs And Cigarettes

The Thrills

Well what can you do
When all that surrounds you
So slow down
Deckchairs and cigarettes
They'll say, let's go to San Diego
Where all the crazy kids go
Just don't change a thing
Just don't change a thing
Just don't change a thing

Well then ? fell in love
On our summer
But we knew, what we got ourselves into

They'll say, let's go to San Diego
Where all the crazy kids go
Just don't change a thing
Just don't change a thing
Just don't change a thing

They'll say, let's go to San Diego
Where all the crazy kids go
You build me up so high, my darling
You bring me down so low, you know it
You build me up so high, my darling
You bring me down so low, you know it
Just don't change a thing
Just don't change a thing
Just don't change a thing
