

# Don't Play It Cool

The Thrills

(Well hey)  
Don't it feel like everybody is in on it  
Cos all this talk of getting away  
It just goes on and on

Well tell him  
And all his best men  
You'll never work in this town again

Just don't Play it cool  
Just don't Play it cool  
You never laugh  
Or say hello  
Don't play it cool  
Coz you've only yourself to lose

(Well hey)  
Well you've got some nerve pointing fingers like that  
Watching whisperin  
Nicotine kids going round and round

Well tell him  
And all his best men  
You'll never work in this town again

Just don't Play it cool  
Just don't Play it cool  
You never laugh  
Or say hello  
Don't play it cool  
Coz you've only yourself to lose

(Well hey)  
They don't laugh so hard  
When you go sell yourself out  
Cos it don't half get me down  
Sitting in this same old town

So tell him  
To start this train  
Im not tired,  
Don't want to go home

Just don't Play it cool  
Just don't Play it cool  
You never laugh  
Or say hello  
Don't play it cool  
Coz you've only yourself to lose
