The Tiger Lillies

He loves the bearded lady  
she loves the tattooed man  
this one he's an acrobat  
each one of them damned  
Jimmy the pickpocket  
will take you by the hand  
he'll smile at you politely  
but your purse it will be damned  
A whore who works the fair ground  
her name is Crystal Lil  
over there's her boy friend  
he'll sell you any pill  
Gypsy Joe's a Cut throat  
when he's not out on smack  
so if you want your husband killed  
he their throat will slash  
Billy boy the barker  
he likes to cheat at cards  
he's been caught out so many times  
you can see the scars  
The knife throwers got alcohol  
upon his breath  
one day he's going to be so drunk  
he will cause a death  
The gypsies they are dancing,  
dancing to the moon  
and each one in this fair ground  
each one they are doomed
