

That fucking bitch, she thought
she could get the better of me.
Well if I can't have my Macky,
then why the fuck should she?
I'd rather fuck up others' lives
than let them fuck up mine,
I'd rather see them suffering
than having a good time.
That fucking bitch, she thought
she could steal that man of mine.
Well tomorrow Macky hangs,
he hangs from the line.

Well Macky, I did love you,
I loved you more than she.
That bitch she won't have you
if you won't be with me.

I'd rather watch you drown
than with her watch you swim.
I just can't stand losing you
and let that bitch win!
