

## Cadavers

The Tiger Lillies

The cadavours they are smelling down by elesian fields  
the waters been corrupted and the people they feel ill  
The death carts visit visit your house today  
to take away the loved ones who have passed away  
The plague it shows no mercy on who it does take it  
has no sense of justice  
the evil can escape  
And after it has gorged itself on your loved ones flesh  
it will disapear until it strikes afresh
