

Dreams

The Tiger Lillies

He dreams that he is eating
but he never eats a thing
He dreams that he is working
he dreams that he does sing
But if you ever ask him
there are no ifs and buts
The best dream that he's ever had
is that he did wake up
He dreams he is a hero
he dreams he's saved a life
He dreams he's got a big house
and a beautiful wife
But if you ever ask him
there are no ifs and buts
The best dream that he's ever had
is that he did wake up
He dreams he's got a country
of which he is the king
That on his neck and on his wrist
the diamonds they cling
But if you ever ask him
there are no ifs and buts
The best dream that he's ever had
is that he did wake up
He didn't wake up!
