

## Fallen Hero

The Tiger Lillies

Fallen hero is fighting at the Fez  
Fallen hero is loosing, nobody cares  
And they found him dead  
In the back of his car  
Shot through the heart  
Under cold, blue stars

Fallen hero, the hero of the past  
Fallen hero, don't you know it never lasts  
And they found him dead  
In the back of his car  
Shot through the heart  
Under cold, blue stars

Fallen hero is slow, once you were fast  
Those who asked you questions,  
Now they never ask  
Well, they found you dead  
In the back of your car  
Shot through the heart  
Under cold, blue stars

Under cold, blue stars
