

Flies

The Tiger Lillies

My life's a drama I can't deny
I want to have sex with flies
But when I try I am too big
I stick it in and they don't live

I smell I smell I smell of shit
The flies the flies they all love it
I smell of shit and I am warm
I could orgy with a swarm

Sex with flies why can't I
Have sex with flies why can't I

I dream some day in foreign parts
A giant fly will take my heart
I'll stick it in I won't be too big
And there in Heaven we shall live

Sex with flies why can't I
Have sex with flies why can't I
