

## Gas Bill

The Tiger Lillies

I can't pay my gas bill  
What am I going to do  
Belsen's costing me a fortune  
Dachau's expensive too

I'm running out of gas  
Running out of gas  
Running out of gas  
I'm running out of gas  
Running out of gas  
I'm running out of gas

I can't pay my gas bill  
Everybody's so mean  
All I tried tried to do  
Was keep my country clean

I can't pay my gas bill  
Well didn't I get a result  
Six million early showers  
With death as a result

I'm running out of gas  
Running out of gas  
Running out of gas  
I'm running out of gas  
Running out of gas  
I'm running out of gas

Well you don't think it's funny  
Well nor do I  
I'm here in my bunker  
And I'm going to die

Eva pass the mustard  
Laced with cyanide  
This world's been beastly  
So now it's suicide

I'm running out of gas  
Running out of gas  
Running out of gas  
I'm running out of gas  
Running out of gas  
I'm running out of gas
