

Gonorrhoea

The Tiger Lillies

My hand's inside your toilet door
I want your genitals to paw
In this toilet perfumed by piss
I want your young body to kiss

So please indulge
Indulge me dear
My dirty hand has got
Gonorrhoea

I live just round the corner there
I've porno films for us to share
So please indulge my filthy mind
That lust has driven blind

Please indulge
Indulge me dear
My dirty hand has got
Gonorrhoea

I'll wait inside my dirty mac
To welcome you and then attack
My dirty beard stained face
Wants your young body to embrace

So please indulge
Indulge me dear
My dirty hand has got
Gonorrhoea
