

Hairy man

The Tiger Lillies

"Hello Doris, I'm just about to dry my hair"

You got hair on your knees,
you got hair on your arms
You got hair on your brow,
you got hair on your palms
You got hair on your fingertips
and when you're embalmed
You'll have hair on your kidneys,
they'll be alarmed

Hairy man...

Hairy man...

You're hairy when you're angry,
you're hairy when you're calm

If you had a personality
it would be a hairy charm

You're sitting in the freakshow
like a monkey in the zoo
You're looking at them monkeys
and they laugh at you

Hairy man...

Hairy man...

You got a hairy passport,
you're hairy through and through

You got a hairy garden
the sky is hairy too

When you eat your food
you got a hairy chew

And when you go to the toilet
it's a hairy loo

Hairy man...

hairy man...

hairy man...

Hairy man...

hairy man...

hairy man...

Hairy man...

hairy man...

hairy man...

Hairy man...

hairy man...

hairy man...

what you gonna do?
