

## Hamsters

The Tiger Lillies

I love a little hamster up my rectum  
It makes me feel so bright and so gay  
What they do with their claws the way the do gnaw  
It makes me orgasm every day  
I love a little hamster up my rectum  
I freeze up to twenty every day  
They gnaw and the claw they paw and they paw  
It makes me go hip hip hip hip hooray  
I love a little hamster up my rectum  
But they always try to get out up my arse  
They try and they try and then they do die  
They always pick the wrong end of the shaft  
I love a little hamster up the rectum  
But they always try to get out the wrong way  
They try try then they do die  
Always try to exit the wrong way  
But now my rectum has been ruptured  
And in the pet shop I no longer pay  
I'm left to reminisce of my moments of bliss  
When with hamsters I had my evil ways  
I love a little hamster up the rectum  
I love a little hamster up the arse  
I love a little hamster up the anus  
It always makes me laugh  
I love a little hamster up the rectum  
I love a little hamster up the bum  
I love a little hamster up the bumhole  
Now that's what I call fun fun fun fun ...
