

## Haunting Me

The Tiger Lillies

Haunting me  
All you ever did was haunting me  
With a shadow of a smile for a while

Haunting me  
From the cradle to senility  
Well, I shouldn't lie, should I  
Sentimental violation of another child

Haunting me  
Using and abusing me  
Well, I would cry, I would cry

Haunting me  
All you ever did was handle me  
Do I testify your trials of denial?

Sentimental violation of another child  
You're my very special friend  
Why are you so wild?

Haunting me, Haunting me  
Haunting me, Haunting me  
Haunting me, Haunting me  
Haunting me, Haunting me
