

## Her Room

The Tiger Lillies

People with cigarettes,  
Singers with violets  
Some who have no regrets  
In her room

Men with no hair  
Girls in their underwear  
Boys who are debonair

In her room, In her room  
In her room, In her room  
In her room, In her room

Where are the fun times?  
Where are the rum times?  
Where is the sunshine  
In her room

Looking for dog-ends  
Picking up her friend  
Looking for the end

In her room, In her room  
In her room, In her room  
In her room, In her room  
In her room, In her room

Found her beat black and blue  
With the words 'I love you'  
Tattooed in rouge

In her room, In her room  
In her room, In her room  
In her room, In her room  
In her room, In her room
