

High-heel shoes

The Tiger Lillies

You sell your fat for money
and work the freakshow booths
in high-heel shoes
You dance the ballerina
they laugh at every move
in high-heel shoes
You sell yourself for money
while they laugh and take the piss
You hate them when they laugh at you,
then blow them a kiss
You're eating twenty chickens,
you eat them every day
You eat them as they watch
and as they look away
So now you're getting fatter
the fat on you does grow
You're getting bigger every year
until your heart does go
You dance the ballerina
the fat on you will swell
So you just keep on eating
the freakshow's biggest girl
Now you're bending over
and shaking what you've got
And as you shake it baby
they all shout fucking slut
You sell your fat for money,
you sell your fat for money...
